

IN THE SPECIFICATION:

The specification as amended below with replacement paragraphs shows added text with underlining and deleted text with ~~strikethrough~~.

Please REPLACE paragraph 90, with the following paragraph:

[0090] The above-described method of handling a user input in an interactive mode may be written as a computer program. Codes and code segments of the computer program may be easily analogized by a computer program. Also, the computer program is stored in a computer-readable medium and is read and executed by a computer so that the method of handling a user input in an interactive is realized. Computer-readable media may include magnetic recording media~~[[,]]~~ and optical recording media~~, and carrier-wave media.~~
